

Did you know...

The United States  
generates 3 billion gallons  
of waste cooking oil....

each

year!!

That's enough oil  
to fill tanker trucks  
bumper to bumper

from San Francisco

to Maine

and back!!

[www.epa.gov](http://www.epa.gov)

What a greasy mess!!

<http://www.tucsoncitizen.com/photos/2008/02/15/l77064-1.jpg>

Imagine throwing

this much oil away!

Let's

turn

this

Trash

to

Treasure!
