

RET Teacher Application

Instructions

Complete this application

Submit a copy to Debbie Liberi at

futurescience.uc@gmail.com

Save Your Application file name as **YourName_ RET Teacher Application 2013**

Title the subject of your email as **YourName _ RET Teacher Documents 2013**

Include in this email an updated version of your resume.

Save your file as **YourName_ RET Teacher Resume 2013**

Requirements of an updated resume include the following:

1. Teaching assignment: Grades taught and content area taught (mathematics, science or any other)
2. School demographics: school type (public/private), location (urban/rural/suburban), school; enrollment, and gender (male/female), ethnicity (white/black/Hispanic/others) and economically disadvantaged student distribution (give %)
3. Courses currently teaching during the 2013-14 academic school year
4. Educational background, including degree title, name of institution graduated from, and year of graduation for each degree
5. Teaching certification obtained and year
6. Occupational history and a description of special skills

Also include the following documents

(Downloaded from the website RET <http://www.eng.uc.edu/step/ret/archive/2013/RET/>)

1. **The Principal Recommendation Form.** Please fill in your name, affiliation, and contact information before giving to the principal. We highly encourage your principal to include a letter of support with the form.
2. **The Supporting Recommendation Form** from another appropriate school administrator or teacher "leader". Please fill in your name, affiliation, and contact information before giving to the appropriately identified person. Again, we highly encourage this person to include a letter of support with the form.

Due: Monday, September 16, 2013. Interviews will be conducted the week of September 23rd.

The application and resume should be emailed using the information provided above. The two letters of recommendation information should be mailed or hand delivered to the address given below. All 4 documents must be received by **September 16, 2013**.

Answer the following questions, each in 100 words (\pm 50 words):

1) Considering your professional performance and especially the quality of your instruction, what are your strengths and how does this benefit the students?

2) Tell about a situation in which you were very successful. What happened, what did you do, and what was the outcome?

3) What are your most effective techniques for increasing student learning? In your opinion, how will challenge based learning and engineering design process impact student learning in your classroom?

4) What are the most important factors in establishing a long-term working relationship with students and colleagues?

5) What is your highest priority goal for participating in RET? Illustrate your answer using a specific classroom activity you plan to implement to achieve this goal.

**Deadline: September 16th (The completed application and additional documents must be submitted by this date. The review process will begin the following week
You will be contacted about an interview date and time.**
